

# FALETTA

Transparent curtain fabric in Trevira CS with a bold print design. Blooms and leaves in various degrees of abstraction are spread across the entire area in an easy and relaxed arrangement. A horizontal linear lattice effect lends the design a contemporary look. A master class in combining the blooms' soft air with a modern edge. The muted tones in the light colour setting enhance the subtle look of the design and lend refined and elegant accents to interiors. Whilst the darker option dazzles with colourful verve and vitality.
